

THEY'RE POPPING THEIR CORKS!

Recent successes for the team at Face & Body Beauty Therapy and Hairdressing have confirmed what owner Margaret Walsh has always known – her salons in Titirangi and Blockhouse Bay are not only relaxing places to visit but inspiring places to work.

After winning awards in 2003 and 2005, Face & Body became a double finalist in this year's Westpac Waitakere Business Awards and went on to win the Drake International Employer of Choice category.

The awards, which attracted 600 applicants, were presented at a prestigious black tie dinner at end of October. Pictured (right) at the event are (l – r): Jasmine Manson, Windy Cahill, Minister for Social Development and MP for Waitakere Paula Bennett, Margaret Walsh and Louise Norton with Waitakere City Mayor Bob Harvey.

Only a matter of days later, the team had cause to celebrate again. Three Face & Body staff members – Jasmine Manson, Chloe Brown and part-timer Brittany Wotherspoon – had become finalists in the Pathways to the Future Trust Employee Awards sponsored by the Rosebank Business Association and the Rotary Club of New Lynn.

Not only that, Jasmine and Chloe went on to win the trophy and Brittany received a Highly Commended certificate. All three were also presented with a substantial scholarship for post-graduate studies.

"All these young ladies were recognised as 'Youth with Exceptional Leadership Skills'," says Margaret. "The team at Face & Body congratulate their young colleagues and are very proud of them."
